Experience

Soy Henry | 2022
Full-Stack Teacher Assistant

Bootcamp Assistant (TA) for Full-Stack Development Students.
Main tasks:
• Coordinate a group of students to achieve integration to the study group.
• Guide students in the first steps of the course.
• Assist to solve exercises and promote group collaboration (Pair Programming).
• Propose ideas to improve the Bootcamp processes.

Education

University of Buenos Aires | 2020-2024
Bachellor + Master in Computer Science
Career focused on the algorithmic and mathematical foundamentals of the field, as well as the development of logical and scientific thinking.
During the course I worked with languages such as C++, Java and Haskell

Bootcamp SoyHenry | 2022
Fullstack Developer
Bootcamp with more tan 800 hours of duration focused on web development using the PERN stack. In contrast to my university grade, I was looking to form myself on the practical skills required by the industry. During the boocamp we develop many fullstack web applications individually and working on team
